In most developed countries and in many developing countries, the public sector is very large. In the most developed countries, the state spends over 40% of the country's domestic product and this figure is over 50% in some cases. In the UK, for example, the public sector accounts for around a quarter of all jobs.

## **Public sector governance | ACCA Global**

In the short term, we've seen public-sector managers achieve remarkable results with small, dedicated projects, testing programmatic and operational changes even with a small budget and on a limited scale. But when those projects end, the strong results often do too, as organizations fall back into old patterns of behavior and lose momentum.

## **Improving public-sector performance management | McKinsey**

ABSTRACT There has been a major concern about how corporate bodies' especially public institutions apply the effectiveness and efficiency of procurement systems in achieving their procurement and organizational objectives respectfully. (OECD, 2010).
