"The Extraordinary in the Ordinary is a significant contribution to the newly important field of everyday aesthetics. The book provides an excellent critical overview of work in this field to date, but more importantly breaks new ground by extending our understanding of aesthetic experience and of the properties we encounter in that

I think the folks at Merriam-Webster should add a footnote with both these definitions that says it's possible to experience the extraordinary in the ordinary. It's just a matter of awareness, perception and gratitude. Let's take a look at the "ordinary" day I described earlier. How might we uncover the extraordinary there?
