Financial professionals should provide explicit information about the costs of working with them, including: nFees—hourly, project rate, flat rate such as a percentage of assets under management, or other arrangement. nCommissions—how much, on which services or products, such as trading stocks and bonds, selling insurance or annuities, etc.

A Financial Professional's Guide to Working With Older Clients

Profit is sanity. Cash is king. Effective financial management requires keeping a close eye on cash resources and anticipating ebbs and flows to ensure a consistent or increasing state of monetary affairs. To do so, financial professionals must understand when, where, why, and how money is being spent within a company in order to properly forecast and make course-corrections to the budget when necessary.
