The moth is a tale of love across the classes, featuring Robert Bradley (Jack Davenport), a working class carpenter working in the shipyards on the Tyne, (NOTE: The Shipyard used is no more than three miles from my house), Sarah Thorman (Juliet Aubrey), an upper class woman with a seemingly mad sister, who is in fact devastatingly vulnerable and a mere child in a woman's body.

## **The Moth (TV Movie 1997) - IMDb**

Moth larvae, or caterpillars, make cocoons from which they emerge as fully grown moths with wings. Some moth caterpillars dig holes in the ground, where they live until they are ready to turn into adult moths. History. Moths evolved long before butterflies, with fossils having been found that may be 190 million years old.
