The rise of the West refers to a period of time when Western Europe rose to power due to many environmental, political, and social factors. Many historians attribute the Rise of the West to the time period of 1450 to 1850. This power surge of Western Europe has been attributed to the global dominance of Western Europe and America in the 21

While West Africa did  
not have as a large  
amount of salt  
resources, other  
regular traders from  
North Africa helped to  
supply West Africa with  
enough salt to prosper.

# Read PDF The Rise Of West A

In return, the empires exchanged for gold. This created the regular gold-for-salt trade that was equally important for both West African and North African empires.
