Sparta - Wikipedia

The Spartan army stood at the center of the Spartan state, citizens trained in the disciplines and honor of a warrior society. Subject to military drill from early manhood, the Spartans became one of the most feared military forces in the Greek world. At the height of Sparta's power - between the 6th and 4th centuries BC - it was commonly accepted by other Greeks that "one Spartan was worth several men of any other state". According to Thucydides, the famous moment of Spartan surrender ...

In the intellectual world of the 4th century bce, when many of the most significant myths about Sparta seem to have been concocted, Sparta, chiefly under the influence of idealist philosophers seeking some solution to civic disorder, was virtually turned into a shorthand expression for a pure community free from stasis (internal dissension and fighting) with equality of land ownership and other utopian features that never existed in the historical Sparta or anywhere else.

Ancient Greek civilization - Sparta and Athens | Britannica

Sparta was a strong city-state in the region of Laconia in the southeastern part of the Peloponnesus Peninsula. In the north of the Peloponnesus was the city of Corinth, which became famous in church history after the Romans conquered Greece. It became the head of the alliance of city-states on the Peloponnesus known as the Peloponnesian League.
