Green here presents the first modern English translation of the so-called standardized Trotula ensemble, a composite form of the texts that was produced in the mid-thirteenth century and circulated widely in learned circles.

The Middle Ages Ser.: The Trotula : An English Translation ...

Trotula is a name referring to a group of three texts on women's medicine that were composed in the southern Italian port town of Salerno in the 12th century. The name derives from a historic female figure, Trota of Salerno, a physician and medical writer who was associated with one of the three texts. However, "Trotula" came to be understood as a real person in the Middle Ages and because the ...

The Trotula: A Medieval Compendium of Women's Medicine

Yet as Monica H. Green reveals in her introduction to this first edition of the Latin text since the sixteenth century, and the first English translation of the book ever based upon a medieval form of the text, the Trotula is not a single treatise but an ensemble of three independent works, each by a different author. To varying degrees, these three works reflect the synthesis of indigenous practices of southern Italians with the new theories, practices, and medicinal substances coming out ...
