Using Classroom Assessment to Improve Student Learning ...

Chapter 1 • Classroom Assessment: Every Student a Learner [2]
] CLASSROOM ASSESSMENT LITERACY We define classroom assessment literacy as the knowledge and skills needed to do two things: (1) gather accurate information about student achievement, and (2) use the assessment process and its results effectively to improve achievement (Figure 1.1).

Classroom Assessment: Every Student a Learner

Collaboratively analyzing formative assessment data addresses the question, “How can we collectively ensure that all of our students can meet the objectives?” The formative data should be used to drive instruction, not to evaluate educators. Students can use this information to help self-regulate their learning. 18
