Investigation 1 – Variables and Coordinate Graphs 1.1 This activity gets very confusing for the children and sometimes for the teacher as well. The counting is to be continuous. The counter shouts out the number that he or she is on when the timer says “Time”. This is how it will go: The timer says go, then in ten seconds he or she says “Time” and the counter says the number, i.e. “19”, then continues counting 20, 21, 22 quietly.
