(major, minor), these numbers are generally assigned in increasing order and correspond to new developments in the software.

Software versioning - Wikipedia

The Guide for the Perplexed was originally written in about 1190 by Maimonides in Classical Arabic using the Hebrew alphabet. It was first translated in 1204 into Hebrew by a contemporary of Maimonides, Samuel ibn Tibbon. The work is divided into three books. According to Maimonides, he wrote the Guide "to enlighten a religious man who has been trained to believe in the truth of our holy Law ...
