A (new) manifesto for evidence-based education: twenty years on. Professors Rob Coe and Stuart Kime revisit and update Rob's 1999 'Manifesto for evidence-based education'. The Great Teaching Review. Read Rob Coe's 'Great Teaching Review' (2014) to find out what it actually means to practice great teaching.

Resource Library - Evidence Based Education

evidence-based approach to teaching and learning is crucial to maximising student outcomes. We need to 'know' - to have evidence about the performance of our students in order to support them to achieve high quality educational outcomes. There are four major ways in which we can use the information we gain from assessment (our evidence) to maximise student learning and outcomes. These
