### Hardwood Flooring: A Complete Buying Guide ...

How much do hardwood floors cost? Costs are between \$1.50 to \$8 per square foot depending on wood thickness, species, and grade. Some prefinished solid-wood and engineered wood floors are DIY-friendly, but if you plan to hire a pro installer, tack on \$2 per square foot, minimum.

### Hardwood Floors: A Complete Guide - This Old House

Engineered wood flooring: This is still real hardwood, but only on the surface. Most of the thickness of the plank is a wood-based substrate, which is covered by a thin top layer of hickory, birch or other hardwood. Engineered wood is less expensive than solid hardwood, and looks virtually the same — at least at first.

### Drees Complete Guide to Flooring for Custom Homes

Waterproof Hardwood Waterproof hardwood flooring employs hardwood and bamboo veneers as well as a waterproof core and a proprietary protective coating. This flooring option resists moisture but still presents the same texture and grain patterns of traditional hardwood, making it a perfect choice for those who're concerned about spills but still ...

### Hardwood Flooring Buying Guide - Lowe's

You may sand, refinish, and re-coat the wood floor to repair water damage, but is not a permanent solution. The best way to avoid and fix water damage for wood floors is to get them repaired. For this, you will have to take out the affected planks and replace them with new boards.

### How to Fix Water Damaged Hardwood Floors? A Complete Guide
