World Civilizations World Civilizations

World Civilizations. This chart attempts to track the ages of major Empires, Kingdoms and Dynasties of the world. Civilization lengths are rarely precise and not meant to indicate importance or power. The age of Civilizations are valuable in this chart to track relative simultaneous existences, important historical dates and synergistic relationships.

World Civilizations Timeline | Preceden

A civilization is a complex human society, usually made up of different cities, with certain characteristics of cultural and technological development. In many parts of the world, early civilizations formed when people began coming together in urban settlements. However, defining what civilization is, and what societies fall under that designation, is a hotly contested argument, even among today's anthropologists.
